

Hi, my name is Smudge

Snuggle love bug lap cat

Male Domestic Short Hair Cat

How was your week? Well mine in a nut shell....this cray cray lady has sent me to the vets and I came back with missing parts, worm tablet down my throat, my nails trimmed, my ears cleaned but she provides me with endless good food and a comfy bed. I let her know when I use my litter box by sitting at the door waiting so she can clean it straight away as I like to be clean, I mean who doesn't right! She even has toys to play with. While that part is fun, I prefer it most when she lets me snuggle on her lap. I could sit there all day if I could. I really wish soon I could have a lap I could sit on and someone who has more time to let me ~ Smudge ☐ Smudge is great with all humans both big and small, great with cats but scared of dogs. A loving boy, however, who just needs a lap and love.
