

# Hi, my name is Helga Hissburger

Love, purrs and playtime!

## Female Domestic Short Hair Cat

Helga 'Hissberger' is ready for her furrever home! Helga is a bit of a scaredy cat. She came from the streets and had babies, but they died. She's doing \*really\* well in foster care and gets on well with the other adult cat in the house. Another foster kitten really brought Helga out of her shell, she's a natural Meowmy so she really needs to have other cats in the household (this is non-negotiable). She adores other cats. She'll share her food and bed, give them good long washes and play rough and tumble all day long. She's a very gentle soul. Helga got the name 'Hissberger' as she was a bit hissy at first. It was mostly for show as she always loved a good scritch. She's more Helga Purrberger now - this girl purrs like a helicopter! In fact, when she gets going she she purrs so hard she almost chokes herself and runs out of breath! Helga needs some patient Hoomans who will carry on being gentle and encouraging with her. She's gone from hiding most of the time to being quite social. She really loves gentle strokes from the top of her head to the tip of her tail, which she shakes...

<b>Age</b>	1 year 3 months
<b>Vaccinated</b>	No
<b>Desexed</b>	Yes
<b>Wormed</b>	Unsure
<b>Source number</b>	RE101165
