

Hi, my name is Tommy

I'm playful!

Male Domestic Short Hair Cat

Hi I'm Tommy, and I was lucky enough to be brought to Wakeley Vet Hospital for fostering before I find my forever home! I'm a playful little guy, always looking to play pounce! I can keep myself occupied for hours at a time with some good toys, but I'd get along well with a friendly and playful cat companion. I also love a good nap at the tippy top of the cat tower. I will come with my first vaccination and microchip, and have been flea and worm treated. My desexing is also included in the adoption fee, and will be performed at Wakeley Vet Hospital once I'm big enough. If you're interested in meeting and adopting me please send a text with some details of your household to 0430823471 or call the clinic on 96097966.

All kittens come vet checked, microchipped, flea and worm treated and with first vaccination. Desexing is also included in the adoption fee and will be performed once Tommy is old enough.
