Opal has fire inside ☐

Female Domestic Long Hair Cat

Opal has fire inside ☐ Name: Opal Gender: Female Date of Birth: 23/01/2021 Breed: Domestic Long Hair Colour: Black Location: Pooraka Beautiful black Opal. The stone shimmers with such incandescent colour, it is often said to have fire inside. Our little Miss Opal comes across as shy and sweet, but we know she has a fire burning inside too! With her glossy, long black fur she's an incredible beauty that will bring you joy every time you see her. ☐ -People describe me as: Shy but sweet when I feel safe -How am I with dogs? Dogs frighten me -How am I with other cats? I love other cats! -How am I with kids? I'm not too keen on the 3 year old I'm staying with at my foster home... I might like older children who aren't so unpredictable -My purrfect home is: I need lots of love and kindness, regular brushing, and would really love another kitten (maybe one of my siblings?) to play with Opal's adoption fee is \$180 which includes desexing, microchipping, parasite prevention, and initial F3 vaccination.
