Please note: Daisy will be adopted with her sister <http://www.petrescue.com.au/listings/848248> Charlotte Quartermain. Daisy 'the adventurer' is confident and smart. She's always the first one of her siblings to venture out into new situations and explore new parts of a room/house.

Daisy is very affectionate and loves cuddles that will be reciprocated with purrs of contentment. Daisy is the smallest in her litter but has the biggest appetite! She is always the first to come to the dinner tray and the last to leave. She is good around other cats but still unsure in the company of dogs. This playful and curious kitten is an absolute delight. It won't take long for her to wrap you around her tiny little paws Daisy is house trained. Not...
