

Hi, my name is Fred Located In Rosanna

Gentle and Affectionate

Male Domestic Short Hair Cat

After a long fostering journey, super sweet Fred is finally ready to find his forever home! Fred came into care scared of humans and suffering from several medical issues. But with lots of pets, love, and cuddles, he's become a very smoochy boy with a big personality!

Unless he's found a nice sunny spot to lounge in, Fred's favourite place to be is near his humans. He loves to curl up and take a nap anywhere people are, whether it's in someone's lap or cuddled up next to them in bed. He might look grumpy, but you'll find that Fred is gentle, affectionate, well-behaved, and a great conversationalist! He loves telling you exactly how he's feeling with his sweet little meows and soft purrs. He will greet his humans with happy little chirps when they get home, and he often announces himself when he enters a room! Though he adores people, he does not get along with other animals and would be best suited to a household without any other pets. Fred has medical conditions that will require ongoing care and management. His new family will need to monitor his health in order ...
