

# Hi, my name is Tiger

## Looking for love

### Female Domestic Short Hair Mix Cat

Hey there my name is Tiger! Do you want to own a Tiger but your home is much too small? Has the current restrictions on owning a Tiger in a suburban lot meaning that you can't fulfill your wishes? Well look no further as I am a smaller, more economic version who is allowed to be your pet! Just like a real Tiger, I love to chase and pounce. Thankfully I have only learnt to ever do this with my amazing toys! Toys are just fantastic and bring me so much hippiness, but sometimes I need help being shown when to stop and give myself some calm time. Because of this I need an experienced owner who can make sure I keep my play time to toys and scratching posts and have down times to calm right back down again. I love my humans and to just hang out and watch their day roll out. I will do zoomies around the place while you get my food ready or when you are sitting watching me. What is a Tiger without a friend, my foster parents say that I might so well with another kitty companion but they will need to be confident and outgoing to keep up with me! I am looking for a home ...
