

Hi, my name is Sootie

Calm puppy

Medium Male Cattle Dog Dog

This lovely little pup is Sootie the cattle dog. His dad was a blue and his mum was a red, and he has a few sparse red freckles amongst the blue freckles, just to prove it's so. Sootie has a calm and gentle nature and a lot of personality. He loves his toys, and will chase a ball and bring it back. He is being raised with children (ranging from 8 years to teenagers), a cranky cat who keeps all the dogs in line with a swipe and the devil in her eyes, and a variety of other dogs from very small to large. His foster-carer is giving him toilet training and he is making good progress, and he happily sleeps in a large crate over night without any issue. He is also learning to sit. Sootie has received his first vaccination and will be due for another vaccination shortly. He will need to be desexed around 5 to 6 months of age and his microchip and legal ownership will not be transferred into his new owner's name until we receive vet paperwork showing that this has been done. To find out more about Sootie please phone or text Lynda 0401 264 514. Sootie will be available for a mee...
