Hey I'm Magic! I've settled into foster life quite nicely and I'm ready for my furever humans! Currently I am happily living in an apartment, spending most of the day on the couch or floor sleeping, occasionally checking in to see if there is any food on offer! You never know! Im currently living in midst of the busy hustle and bustle, so I am ok with loud noises and traffic. My foster mum says I walk like a charm and don't pull! I think I have that toileting business under control! I have met a few other breed dogs and have always been friendly, but I haven't met any fluffies yet - they say they look like rabbits? All in all I'm quite magical (get it?) and this is what my foster mum says about me: "Magic is a dream hound and I'm sad to see her go. She loves people is very affectionate, will look for hugs and pats all day. She's excellent in the car and loves road trips. Magic has the funniest personality and is a master of puppy eyes. I adore this beautiful kind, soft hound." ...
