### Female Domestic Short Hair Mix Cat

**PURRSONALITY TRAITS** Hello! Are you after more than 1 cat? We are Zelda and Teddy, 7 month old teens! You may have seen us on social media before with our sibling Bear, and yep, we are still looking for our forever home!! We are super friendly and cuddly, and it didn't take long for us to settle into our foster homes especially when we got one another. We love to be adopted together since we are special and will need to be adopted to a single cat household due to our feline coronavirus background - see below! A little more about us is that we are young teens who still LOVE to play and chase after toys mouse and balls - our favourite being the laser pointer! We love both the humans' and cats' company as we are known to be affectionate! We will be suited to a home with young children if they would give scratchies and pats. We are also named purr monsters, especially during bedtime when we would sleep and snuggle next to you! You can meet us in our foster home in Atwell and don't forget to bring some treats for us!
