

# Hi, my name is Midnight

## Vocal & expressive

### Female Domestic Short Hair Cat

MIDNIGHT is definitely one for the black cat lovers. She has a luxurious black velvety coat, complemented by the most amazing golden eyes. She's also a sweetheart with a friendly temperament and a good heart. A vocal and expressive girl, Midnight's good with other cats but is untested with dogs and children. She's about 12 months old and is at the perfect age for rehoming - old enough to have learnt her house manners, but young enough to give you many years of feline devotion. Midnight's adoption fee is \$250 and she is desexed, vaccinated and microchipped. She lives in Warwick, Queensland and is an indoors-only cat. She's litter-trained and scrupulously clean. FUN FELINE FACT: Black cats are thought to have a better immune system than most other cats.
