

Hi, my name is Terminator

Looking for love

Female Domestic Medium Hair Cat

Terminator lived the first part of her life as a stray kitten with minimal human contact. We don't know too much about her early life but we imagine it was not kind. She has come a long way since being in care but still holds a lot of fear. Terminator is a pretty girl who can be held with no aggression but she is very timid and likes to hide. Terminator needs a home with the patience and understanding to allow her to feel comfortable in her new home and with her people. Often we find that the most timid cats and kittens have the most love to give and often come out of their shell once they are in their own home.
