

# Hi, my name is Mouse

## Sweet and quiet fellow

### Male Domestic Short Hair Cat

3 years old mouse isn't the most confident fellow, he loves to be patted and just needs the time to gain confidence. He has been surrendered then, fostered with another rescue and now with us so has had a lot of change in a short while. We would suggest a quiet home would be best suited for him, where he can gain confidence. He does love a nice warm bed.

No other pets - to allow him to be completely relaxed in a new environment. He also has FLUTD Idiopathic Feline Lower Urinary Tract Disease This may require your new pet to be on a special diet e.g. Hills C/D Stress food only for life to hopefully try and prevent any further infections in the future. He is on this food currently- Will only eat dry food and Is doing well- so we would suggest to continue. Cat pack included with the CD food. A new Cat carrier can be purchased for \$25

Idiopathic Feline Lower Urinary Tract Disease (iFLUTD). This may require your new pet to be on a special diet e.g. Hills C/D Stress ...
