

Hi, my name is Caterina

Looking for love

Female Domestic Short Hair Cat

Caterina is a bit more shy than her siblings. She loves their company and can be a bit wary without them around. This won't take long to change once she settles into her new surroundings. She gets on with other kittens and some cats. It wouldn't be hard to introduce her to dogs if they have the right temperament and don't scare her. She is an affectionate and playful baby once she comes out of her shell. Someone will be very lucky to adopt her.

All of our cats and kittens come desexed, microchipped, up to date with vaccinations (may require boosters at owners cost) wormed, flea treated, fully health checked and temperament tested. Ready to find their new homes. All of the cats in our care are kept completely indoors. For their safety we do recommend that this is continued.
