## Looking for love

### Female Domestic Short Hair Mix Cat

I am looking for a patient family that would allow me to take my time to settle in, but with pats and a calm environment I just know I'll be the best cat I can be! Err hello? Hi, hiya...I'm Iva and while I have the most beautiful eyes, and gorgeous licorice colouring, I'm actually a real scaredy cat. I'm only 2, so I'm sure I'll turn around with some special attention, care, kindness and a very very slow quiet introduction. The first 4 weeks I hid away in my special spot. I didn't come out at all in front of the humans but they kept feeding me and looking after me. So I've slowly started showing myself and now, I can even be in the same room as them. Im a bit jumpy and get scared easily, plus if you get too close I just have to let out a hiss and I might try to push you away if you move too fast. I don't mean to but I'm just so terrified someone's going to hurt me. But I've come such a long way in 2 months! I'm just not quite ready to be touched / but I do much prefer to be around them than hiding away now! See, I'm getting closer to my foster family. There's the big hum...
