

# Hi, my name is Austin & Georgia

## Cuddly lively companions

### Small Male Maltese Dog

Austin & Georgia are a delightful bonded pair of purebred Maltese with papers (attached). Austin was born on 12 June 2015 and Georgia was born on 11 April, 2014. They have been together for most of their lives and are not available separately. These sweet-tempered and highly affectionate little dogs are people-oriented, house-trained, crate-trained and altogether great company. They are a lively little pair and, when not snoozing, spend much of the day playing together happily. They love a cuddle with their favourite humans. Austin has diminished thyroid function, which is very well managed with one-quarter of a tablet twice a day. He will need this essential medication for the rest of his life, but at 30 cents a day, it's inexpensive. Both dogs have been thoroughly vet-checked and have had their teeth scaled and cleaned recently. Both have had some teeth extracted, but it hasn't bothered them one little bit. They have healthy appetites and enjoy their food twice a day, with a snack before bed. Their adoption fee is \$1,400 and they are desexed, vaccinated...
