

Hi, my name is Scrat & Puss

Super Smoochers

Female Domestic Short Hair Cat

These two are so in love with each other! And in turn you will fall in love with them! Scat & Puss can be seen curled up & often paws around each other in their hammock while the day away. Brother & sister they are just over 7 years old & have been together all of their lives. They were rescued as kittens by a couple who love them dearly but their expanding family brought children who developed allergies and they had to make the hard decision to surrender these beautiful kitties. Scrat & Puss lived with a dog and another cat. They were based indoors but had access to an enclosure in the yard before they came to SAFE. Because Scrat has a white nose we would advise they both be kept indoors and out of the sun. Their former owners describes Scrat as a 'big cuddly furball' and Puss as 'quiet & affectionate'. Scrat is a little bolder and adapts within a few days to new environments but Puss is more cautious and will take a little longer to settle in. Both cats like to be stroked and tolerate being picked up - mind you they are quite big (but not in a fat kind of way...) so you ...
