

# Hi, my name is Vixen

## Looking for love

### Female Dsh Mix Cat

Hi there my name is Vixen. I'm a young, playful and affectionate girl looking for my loving forever home. Once I feel safe, I become very confident and love to be around my humans. I hope my new family will be able to keep me entertained with toys, provide nice warm spots for me to nap in and give endless amounts of pats please! Vixen has not been in a foster home with other animals, so if she is adopted into a home with other cats or cat friendly dogs she will need gradual introductions. Her foster carer has said that Vixen has a beautiful and friendly personality. She would suit a variety of different households as long as someone has the time to spend with her. If you would like to adopt Vixen then please put in an application today. All our adoption meets are currently being offered virtually.
