### Female Rat Rodent

**ADOPTION REQUIREMENTS -- LARGE RAT ENCLOSURE (PHOTO'S MUST BE PROVIDED) -- MUST ADOPT TWO OR MORE -- RAT KNOWLEDGE DESIRABLE -- KIDS CONSIDERED** Meet our lovely little rat ladies! Gorgeous girls who were surrendered to the shelter through no fault of their own! These pretty little critters are looking for homes that can provide them with all the space, toys, time, and snuggles in the world! They are very adventurous and looove to get into all the little nooks and crannies of their cage! Like all rats, they do occasionally nibble (most times it is just a taste nibble, but they have surprised us once or twice!), and require a large and spacious enclosure and daily attention! Overlooking that, they love to cuddle and climb all over you! Unfortunately, in their previous home, they were exposed to a common respiratory illness, and have had to be treated. We are strongly advising that they do NOT have any contact with currently owned rats, and go to homes without existing rats.
