Adopt Love!

Male Bunny Rabbit

AVAILABLE NOW REDUCED fee - just \$60 to adopt! Hi there, I'm Esquilax - it's a big name for a small bunny, but I promise my personality can live up. (There's a story behind my name, wait till the end you'll see a link explaining it!) Anyway, I'm a big character in a small package. I'm a petite, fine boned, athletic bunny. I love the simple things in life - eating, snoozing, hopping, eating, eating again... I kinda love my food! My brother and I were purchased from a pet shop when we were tiny babies. Our family had good intentions, but didn't know how to care for rabbits. They thought we would stay as small as we were at 8 weeks old!! Of course we didn't, so that was a surprise. They kept us in a hutch that was too small and they didn't arrange to have us sterilised. So when we hit about 6 months old, our hormones started racing and we started fighting for territory in the small hutch we called home. Eventually, they decided we would be better off going to homes where our needs could be met more fully. So they surrendered us to SAFE and now here we are. I'm quite a socia...
