## Looking for love

### Male Rat Mix Rodent

Hi I'm Scabbers. Rats are ravishing...check me out. I love making friends with humans and rodents alike. I have so much fun playing with toys and keeping my mind active, and would love to come home with you. We are relatively low maintenance, affordable, typically healthy, surprisingly clean (we really don't deserve our reputations) and we can be trained! All things considered, I think we are pretty perfect! We enjoy our rat mix as well as fresh fruit and veg. We also enjoy a bit of raw pasta, popcorn as a treat. I am a notorious escape artist so please be prepared to fortify my cage so I don't escape! It would also be a good idea to give me plenty of enrichment to distract me from any of my devious jail breaks, also please bring a carry cage with you so I can be secure on my trip home!! If you would like to meet please come and talk to the friendly staff at World For Pets Underwood and don't forget to bring a photo of my new home. Adoption Price \$20
