Rehomed from research

Female New Zealand White Rabbit

My name is May and I am looking for my forever home (Canberra and surrounds) after being released from a research facility. I am currently staying with a foster carer near Canberra and would love to meet an owner looking to provide me with a new life where I can have freedom of movement and a selection of tasty foods. I am most interested in becoming part of your home and spending time with my owner. I would prefer to be the only rabbit of the house. I am a healthy, desexed, vaccinated and microchipped NZ White who is fully grown at 3.5 years of age. I would like to live indoors but can also go outdoors in a secure enclosure that provides safety and shade. Preference for rehoming in Canberra and surrounds (radius of a few hours) - but applications are welcome from other areas as well. Please complete our expression of interest form if you are inter...
