

# Hi, my name is 7 Piggies Looking For Forever Homes

friends not food!

## Female Pig

We are looking for a forever home for 7 beautiful piggies. 3 girls & 4 boys. Ideally it would be a home where they can all stay together however we can rehome in pairs or threes if need be. All the piggies have been desexed except one female who has not. They are all approximately 11 months old so still have some growing to do!! All the pigs are very friendly & absolutely love cuddles & tummy rubs! They are the most amazing pets & Henry our tiny black boy can even sit! These piggies are very smart so adequate fencing preferably electric is highly recommended as they are escape artists when given the chase. They will also need a shed or shelter from the elements. These guys are to be rehomed as companions only, absolutely no eating. We ask for a donation amount of your choosing towards the sanctuary to contribute to further rescue & rehabilitation of animals like the special 7. Please let me know if you have any questions or would like an application.
