

Hi, my name is Rambo

Tummy Rubs Please!

Male Domestic Short Hair Cat

Rambo is a true treasure ☐ Rambo had a rough start to life, suffering cat flu, malnutrition and losing his eye. With love and care, he has blossomed! He's now happy and healthy, waiting for the rest of his life to begin. Rambo loves affection, cuddles, snuggles, kisses, tummy rubs and nose boops. His happily ever after would be snuggled up with you watching Netflix tans playing. While Rambo is a robust healthy boy who isn't slowed down by being one-eyed, there's no denying it is a disadvantage, and extra care must be taken to ensure he is never allowed outside, unless in a cat enclosure. He will be 100% content with apartment or house living. FIV NEGATIVE

Rambo suffered from cat flu early in life, causing his left eye to rupture. He has had his enucleation and closure and is now completely healthy.
