

Hi, my name is Anabella

Looking for love

Female Domestic Short Hair Mix Cat

We are at Cat-pacity - adoption fee reduced to \$15. Miss Anabella is quite the sweet lass, who was more interested in exploring and smooching than posing for her photo shoot. Anabella would be best suited to a home without small children as sudden movements and loud noises may startle her. She will make a lovely companion for someone who is looking for an affectionate cat. Anabella would prefer to be the only cat in the household so she can be the sole recipient of her family's attentions and affection. After going missing for a while Anabella did come into the shelter with some hair loss from an unidentified allergy. She has been treated for this and is well on the way to regrowing all her hair. As the source is unknown this condition may reoccur in the future but don't let that deter you from giving this sweet lass a loving home. Anabella is currently being treated for Cat Flu. Although this condition usually resolves without complications, in some instances the cat may remain a carrier of this disease and the disease may recur in the future.
