

# Hi, my name is Tyson

## I have 3 legs!

### Male Domestic Short Hair Cat

Tyson is one of the most doting and quirky cats out! and having three legs only adds to the fun! Tyson has a huge personality and is very often making his human foster carers laugh.

He loves to play and run wild and is happily self entertained, but at the same time he is evenly balanced by his ever so affectionate side. Tyson is most comfortable wrapped up comfortably next to you receiving strokes and kisses. He is a smoocher and will seek out your attention! Tyson lost his leg before arriving into our care as a kitten however this does not limit him in any way. He is cat and dog friendly and has been fostered alongside other small and large animals (eg rabbits and farm animals) if you are interested in this outgoing boy and wish to be adored enquire and chat to our team about how to proceed!
