

Hi, my name is Captain Cupcakes

Seeking a best friend

Female American Mix Rabbit

Captain Cupcakes has been with us for five months now and would love to find her forever home. She enjoys being involved in human activity but is also happy to do her own thing. Her ideal home would have both free-range indoor and supervised outdoor time. She tends to be very cheeky and has recently started putting holes in our garden hose 🤪 This means that she will require a home that is safe for her to explore where she won't be at risk of chewing power cables. She has the potential to bond with a relaxed (and desexed) male rabbit and we feel she would benefit from having the company. Cupcakes is desexed, microchipped and vaccinated.
