

# Hi, my name is Ashley

## Looking for love

### Female Domestic Medium Hair Cat

Hi there! I'm Ashley. My sister, Mary-Kate and I were surrendered into care just before Christmas. We've now received a vet check and all our vet work so now we are ready to find a forever home - and hopefully together! Like true twins, Mary-Kate and I are inseparable and we adore each other's company. We fit together so well, I would be so sad without my sister. We also look super familiar so you could always fool your significant other and just pretend there is only one cat! I am more outgoing than my sister. I am the first to arrive for cuddles, food and play time. I am an absolute purring machine, and I don't stop purring for anything. I am adventurous and very playful - I just love playing with my toys all day. I am also very cuddly. I love nothing more than snuggling up into my cat tower with my sister while you're away. If you're home though, you can bet that I am right beside you, snuggling in. I love children and am slowly getting used to the other cats and dogs in the home. I am perfectly litter trained and love to play with my toys. If you're looking for two...
