

Hi, my name is Hodor

Cutest kitten ever

Male Domestic Short Hair Cat

Hodor is such a surprising little boy, he started out as a really timid dude who didn't want to be anywhere near humans, and has blossomed into a super social kitten who just wants to know everything you are doing. Hodor has the most amazing eyes just like his mother and has the ability to really melt your heart. Hodor was born on the farm from a beautiful mumma cat (behind him in pic number 5) who was living at the sanctuary when we arrived, he was born in the farmhouse and has been raised in a warm and loving environment and is very good around people, including young children and dogs. Hodor is one of 10 kittens currently living in the kitty wing at the farm, he really loves being around his siblings so it would be great if he could be adopted along with one of them. Hodor has just been desexed, microchipped, double vaccinated and wormed, he is now ready to find his forever home. If you think you could give Hodor and perhaps a sibling some love and a warm place to call home please contact us - Debbie & John.
