### Adorable

### Female Mini Lop Rabbit

\*\*\*Ready to go as of the 28th February\*\*\* Dasher is a gorgeous grey and white mini lop. Gender has not been confirmed by a vet just yet but with my basic knowledge i believe she is a female. Dasher is proving to be a inquisitive little one who is becoming quite comfortable with human cuddles. If she is anything like her mum she will adore and demand any attention she can. Dasher has already started litter training and other then the occasional poop has picked it up really well. She has been eating a diet consisting of various leafy greens (Cos Lettuce seems to be her favourite thus far) Burgess pellets and also a mix of oaten and lucerne hay.
