

Hi, my name is Bonny & Smokey

Very loving

Female Domestic Short Hair Cat

These beautiful cats are looking for a new home as their owner has recently moved into a permanent aged care facility and is unable to take her two cats. Bonny is female (black with white markings) and Smokey is male (grey with white markings). They are 12 years old. Smokey loves curling up on someone's lap and they both enjoy being brushed and sleeping close to someone. They are very loving cats and have great personalities. They are a little timid (especially with loud noises) so would probably be best suited to a house without kids or dogs. They do have a poodle dog that does visit them and they usually just sleep while the dog is around. They also do ok with visits from the grandkids who love brushing them. They are coming from a very loving, caring home and are desexed, have regular vet visits, had dental work and latest vaccinations in Nov 21. We want to keep the two cats together as they have been together for 12 years. We are happy to send along any food/bedding/toys to help their transition to a new forever home.
