

# Hi, my name is Ziggy

## Energetic boy

### Medium Male Boxer Dog

Ziggy (M / 1yr) - Foster Care needed with the view to Adopt Current Location: Victoria/Melbourne Ziggy is a very energetic, affectionate 15 month young boxer boy. He would benefit from a home with a big back yard and a family who will give him lots of exercise and stimulation to prevent him getting up to boxer mischief! Ziggy is better suited to a home with no dogs, he does currently live with an older dog however is dominating it and the situation could soon escalate...although if he does meet dogs on his walks he is fine just very excitable. Ziggy is a special boy who has been diagnosed with epilepsy, however this is being successfully treated with medication and doesn't change the gorgeous boy he is...he loves his people and being included in family life ♥ Chest rubs are his favourite thing! If you can give this beautiful boy the exercise he needs and the love he deserves he will be your very best friend and will love you unconditionally!
